

MEMORY CARD

How have you been touched by

?

I attended Oakland City College 1963-1965 when Huey and Bobby were also students there. The Party was not formed yet but Huey and Bobby would go out on the street corners and just start "talking" and large crowds of people would start to gather around and listen. It ~~would~~ was so powerful to hear Huey quote the "law". Huey was one of the smartest people that I knew.
